The National Association of Small Trucking Companies

Dear Professional Driver,

As a benefit of their membership in the National Association of Small Trucking Companies (NASTC) your company has enrolled in the **Quality Plus Network (QPN)** fuel program. This program offers many benefits for the company and their drivers. The participating truck stops have all agreed to re-price their fuel providing a “Guaranteed Fair Price” every time you buy fuel. These discounts allow your company to allow you to buy fuel at many of the nicest truck stops in the country. All you have to do is plan your fuel purchases so that you buy all of your fuel within the network of stops in this directory. Many of the participating stops offer incentives directly to the drivers who purchase fuel from them. As you try more and more of these stops we feel confident that you’ll fall in love with this program. Don’t worry about the price that is advertised at the truck stop; that is not what your company pays! Just stay in the network every time you buy fuel and you will be helping your company buy fuel as smart as they can. Remember your part is easy.

Plan your trip! *Don’t wait until you need fuel to look for a stop.*

Buy only at authorized stops. *There are no discounts out of the network.*

Take advantage of truck stop incentives. *These programs are for the driver, a thank you from the stops. Many stops offer free showers, meal & store discounts and more.*

Remember who your friends are! *The truck stops in this directory want your business and have developed incentive programs for you and offer a “Guaranteed Fair Price” on fuel for your company every time you buy fuel.*

Don’t forget who are not your friends! *Truck stops that do not appear in this directory are not part of this program. If one of your old favorite stops is not participating in this program, just tell them **if they want your company’s business they need to be part of QPN.***

*This directory is a **complete listing** of the **ONLY AUTHORIZED STOPS** in QPN.*

*Make all of your fuel purchases **ONLY** at Truck Stops listed in this directory.*

Forget about the pump price! Buy in the network every time!

Buying in the network consistently will save your company a lot of money over the course of the year. There will be times when the discounts are small or even no discount at all, but there will be times when the discounts are tremendous. Predicting these times is impossible. By buying in network all the time we are guaranteed a fair price on every purchase and since we never pay an inflated margin to the truck stop our average price for fuel is lower. Thanks for your help.

David Owen
President, NASTC
